

National Festival & Championship Student Sponsorship Form

HISTORY TRADITION PHILOSOPHY DISCIPLINE/RESPECT TECHNIQUE

Your generous student sponsorship will help offset travel costs, lodging, meals and entry fees for student participation in the 2017 National Festival in Montgomery, Texas August 10-12

The United States Soo Bahk Do Moo Duk Kwan Federation® is a 501c(4) non-profit membership organization and we have been hosting our Nationals since 1978.

We are requesting you to help sponsor the student who is presenting this request to you so that they may join hundreds of fellow members at the 2017 National Festival in Montgomery, Texas August 10-12.

Thousands of students of all ages and skill levels from all over the United States and international guests from around the world have participated in this amazing annual event and reaped the personal growth opportunities that only a National event like this can provide. **Your sponsorship can make that possible for this student.**

Only about 13% of all students participate in the National Festival, so you will be sponsoring an exceptionally motivated student and helping them realize their leadership potential and demonstrate their technical prowess at this showcase national event. Your sponsorship will directly contribute to their character development and will help encourage them to become an exemplary member of our society. **Your sponsorship will help make this important experience possible for them.**

You can make a difference in the life of this student with your sponsorship today!

Thank you for your support!

Sponsors will be listed on our website in recognition of your support
